

We are looking for new members to join the Aging and Veteran Services Advisory Council (AVSAC).

Who we are

The 19 volunteers (13 regular and 6 alternate members) have community ties and personal or professional familiarity with issues facing older adults, caregivers and veterans. We aim to fill most of the seats with people who identify as LGBTQ+, veterans, immigrants, older adults, younger adults with disabilities, and Black, Indigenous, and people of color.

What we do

The council advises **Disability, Aging and Veteran Services** on policy, programs and actions affecting individuals with the greatest social and economic need and serves as an advocate for older adults and veterans.

We meet every other month on the third Thursday, 9-11 a.m. in Hillsboro and over Zoom.
