UNEMPLOYMENT SAVINGS

Tens of thousands of nonprofit employers nationwide are taking advantage of a federal law allowing 501c3 nonprofits to opt out of paying state unemployment taxes, instead allowing them to reimburse the state for their own unemployment expenses as they occur, dollar-for-dollar—often creating a savings of 60% or more.

HR SUPPORT

Leadership Council for Nonprofit members receive UST HR Workplace for just $75/month (regularly $95/month) or free with UST Trust or Support membership. That's an annual savings of $240 dollars for all the tools and resources you need to streamline your HR processes and engage your workforce.
