## Building the Firm Foundation

The students have spent the past nine months being stretched and grown in amazing ways. They have been equipped with biblical knowledge from our professors, have practiced living in community and have learned what it means to lead and serve one another, and have deepened their relationship with God. They have spent hours building their firm foundation and putting in the hard work brick by brick.

*"Everyone then who hears these words of mine and does them will be like a wise man who built his house on the rock. And the floods came, and the winds blew and beat on that house, but it did not fall, because it had been founded on the rock."*

*-Matthew 7:24-25*

## Student Spotlight: Abby Keller

"I love all the classes at Solid Rock because each of them prepares me differently. I have learned so much from all of them.

This year, I have grown to allow myself to be present with God instead of worrying about things happening around me.

My favorite part about Solid Rock is being a part of a community that cares so much about you and your growth in your faith."

## Service Week

We spent one week in April serving at Adventurous Christians. We helped in packing food for their summer canoe trips, insulating the new office, and sanding/staining new benches. We fully embraced getting to spend a week blessing another camp and serving as disciples of Christ.

## Graduation Day

Graduation is set for May 14<sup>th</sup> and the students will receive a Certificate in Discipleship and Biblical Studies. Please be praying for our students as they prepare for the next season in life.
