

Beauty Lake – literally!

Mission Friends,

As we turn into the Autumn season, though the weather may not comply with the season, the leaves are in the process of changing. It happens to be my favorite season, and it's difficult to find a place on this planet where you see better contrasts of colors.

It's also a time when things begin to slow down for us, and we look ahead to our Annual Meeting at the beginning of next month. We sent out delegate packets last week, so ask your church representatives if you'd like to assist with being a delegate for our meeting; please call ahead if so! We are excited to present all the things God has done and has planned for us throughout the year.

Fall Retreat Registrations!

We want to remind all that Lake Beauty is a year-round operation serving the local community and church to help in faith formation! We host a variety of retreats in the fall/winter, some are led by our staff and others are planned by organizations/churches.

Check out our [website](#) for more information on a retreat that fits you best!

Serve Alongside Us

Lake Beauty is renowned for its exceptional staff and dedicated volunteers, who are present each week.

Working year-round at Lake Beauty Bible Camp is a unique opportunity to be part of a ministry dedicated to proclaiming Jesus and reflecting His love through a high-quality Christian camping experience. We currently have open positions and are looking for individuals who share our vision and mission mindset.

Phil Tolbert, Executive Director
