

Solid Rock Discipleship

January 2023 Newsletter

Students arrived back from Christmas break early January and began spring classes. This spring semester, students are taking Intro to Theology, Christian Ethics, Economics, and Jesus of Nazareth.

This past fall semester, God showed up in powerful ways. Students grew deeper in their understanding of the character of God, deeper in intimacy with the Father, and have build deep friendships among the body of Christ. We are expectant that God will continue to show up in powerful ways throughout spring semester.

Student Spotlight: Katie Hauschild

Favorite Camp Meal: Gluten Free Chicken Nuggets and Mac N Cheese

Favorite Class: My favorite class is Cornerstone. It has helped me learn so much about myself and who I am in God.

What God has been teaching me:
God has been teaching me that routine is important. He's also showing me I need to rely on him in all things.

Israel Tour Coming Soon

On January 16th, we depart for a two-week study tour of the land of Israel. All nine students and Solid Rock Directors, Grant and Teirrah, will be joining tour guide, John DeLancey, and 60 other individuals on this trip.

If you want to follow along with us on our tour, follow us on Facebook or Instagram.

Join us in praying that this trip would be impactful for the students spiritually. We pray that seeing the land of the Bible will forever change their outlook on scripture and the narrative of the Bible.
