

"It was incredible to see where Jesus actually walked and talked. It really brought the Bible to life.

It was also impactful to see and experience the collision of different cultures and faith."

- Isaac

"The landscape was breathtaking, and thinking about who was there and what happened there made it even more beautiful."

-Mikayla

"Seeing another culture and their way of life challenged my faith, my life, and my worldview. I expected Israel to change my life, that just being in the 'Holy Land' would impact my faith. But I learned that the Holy moments didn't come from the place, they came from the God who has been with me all along. Israel changed my life. Not because the place itself is so special, but because God is faithful and continues to teach me, no matter where I go."

-Arianna

If you would like to see more photos or read about the locations the students visited, more information is available at: <https://biblicalisraelstours.com/january-2020-israel-tour/>
