

A recent sermon centered on the miracle of the healing of the 10 lepers, from Luke 17. But only one returned to give thanks for his healing. I was reminded that we ask for things from others and God, and yet the emphasis of this miracle was the one who gave thanks. We have many needs at LBBC and I am thankful for three specific answers to prayer just this past month.

A generous friend of Lake Beauty showed up at camp shortly after the John Deere tractor died with a tractor that exceeded the capabilities of the John Deere. He even volunteered to work on the repairs of the John Deere. I am THANKFUL!

A long time Lake Beauty supporter and attender, Kevin Allex, has accepted the full time Properties manager position. We are excited about his enthusiasm, skills and willingness to follow God's leading. I am THANKFUL!

The need for Bibles to gift to campers without them was quickly responded to after a facebook request. Within four hours of the facebook posting, you purchased 179 Bibles, and several hundred have come in since then! I am THANKFUL!

So I thank God for these and so many other answers to our prayers, which often come through people being sensitive to God's leading. It is humbling and an honor to witness how God's people respond. I am THANKFUL!
