

# Solid Rock Discipleship

---

May 2023 Newsletter

---

The students have finished their academic studies for the year! Us as a staff, Lake Beauty and Solid Rock, are so proud of them. This group of students demonstrates hard work, joy, compassion, and intentionality. It has been a honor to serve alongside of them this year and get to be a part of their faith journey.

As a Solid Rock community, we are spending our last week together at Adventurous Christians. We not only get to do service project, but will also be spending time reflecting on all that God had done this past year. The week concludes with a graduation ceremony on May 6th. The students will be celebrated by friends, family, and spiritual mentors.

### Student Spotlight: Grant Yorek

#### Favorite Camp Meal:

My favorite meal at camp is Chicken Pot Pie.

#### Favorite Class:

My favorite class was Cornerstone. It was very helpful and interesting. It helped us discover things about ourselves that were hard for us to see. An example is that I found that I have a gift for explaining some things in a way that helps other to understand it better.

#### What God has been teaching me:

One thing that God has been teaching me this year is that my walk with God is not me doing things because I am a Christians, but because I want to go deeper into the relationship that God has invited me into.

### Student Spotlight: Ashley Pederson

#### Favorite Camp Meal:

Curry with Kari's homemade naan bread!!!

#### Favorite Class:

My favorite class is Intro to the Bible. I loved getting to understand the different cultural aspects that would have been understood by the people at the time. I really go to understand how the Old Testament and New Testament are so intertwined with each other.

#### What God has been teaching me:

God has been teaching me so many different things about himself. But not only that, he is teaching me about myself. He is faithful and is deserving of all praise.
