Are you a pediatrician who provides care to children with Apple Health coverage? We want to hear from you!

Who Are We?

We are a team from Oregon Health & Science University (OHSU) in the Center for Health Systems Effectiveness. We are doing research to learn about your experience as a **pediatrician serving young children who have coverage through Apple Health**.

Why Are We Doing This?

We would like to **understand how multi-year continuous Apple Health coverage for young children** has impacted your clinical practice, including how you have seen this continuous coverage affect child health and family well-being.

What is Involved?

- You will have a conversation with us about your experience for about **30-40 minutes**.
- We will offer you a **$30 gift card** as a "thank you" for sharing your experience with us.
- Your participation is **voluntary**.
- The interview can be done by **video** or **phone.**

Do You Have Questions?

You can ask questions any time before, during, or after the interview.

To **schedule an interview**, or ask a question, please contact:
Jennie Davis, PhD at **davisjenn@ohsu.edu**.

Thank You!
