CME Topic:

Approach to Patients with Tics and Tourette Syndrome

SPEAKER:

Dararat Mingbunjerdsuk, MD
Associate Professor in Neurology and Pediatrics, University of Washington

Medical Director, Seattle Children's Movement Disorders and Complex Tics Program

Seattle Children's Physician Relations invites you to attend this free, virtual Category 2 CME Event.

Course Objectives:

- Review the Diagnosis of Tic Disorders and Tourette Syndrome: Understand the clinical course, progression, and diagnostic criteria.
- Consideration of Differential Diagnoses: Explore conditions that may mimic tics or Tourette Syndrome, ensuring accurate diagnosis.
- Review and Update on Behavioral and Pharmacologic Interventions: Discuss current evidence-based behavioral and pharmacologic treatments for tic disorders and Tourette Syndrome.
- Provide Resources for Patients, Families, and Schools: Offer guidance, tools, and support networks for managing tics, enhancing quality of life, and supporting families and schools.
