

Seeking: Caregivers of Individuals with Disabilities

We seek caregivers of individuals between the ages of 3 and 22 years with intellectual or developmental disabilities who live in Florida for a research study on the impact of the COVID-19 pandemic on services for children and adolescents with I/DD.

RESEARCH STUDY DETAILS

- Up to 15 minute online survey
- Questions asking about services used by young individuals with I/DD in Florida

*Some survey participants will be chosen for an optional follow-up hour-long interview. Compensation will be available for those who complete the interview. More information is provided within the survey.
