

UNIVERSITY of
SOUTH FLORIDA

College of Behavioral & Community Sciences

School of Aging Studies

People living with dementia and their family care partners encounter significant challenges from initial diagnosis through long-term care across community and residential settings. This conference convenes leading dementia care professionals, students and community advocates to advance high-quality, person-centered approaches to dementia care.

Participants will learn about dementia, interventions, and caregiver experiences through keynote talks, panels, practical instruction, and an optional virtual experience. The event aims to prepare attendees to support individuals with dementia and work effectively with care partners.

FREE to attend, including lunch | \$75 to earn CE hours | \$65 to earn CE hours for community partners (Chapters Health, Empath Health, Moffitt Cancer Center and James A. Haley VA employees) | \$100 for an exhibitors table (includes 2 lunch tickets)
