

# SELF IS NOW OPEN

We are open!!!!

Monday we will be opening for all services, we are looking forward to seeing everyone.

To keep things fair, the way we are handling appointments is as follows. Anyone who had an appointment for last Monday will come in this Monday June 22, at the same time they were scheduled. Another words we are pushing all appointments up a week.

If anyone has a conflict with this please call to cancel and feel free to re-book online or speak to reception on Monday. We thought this to be the most fair way to handle re-booking so the people who have been waiting the longest don't get bumped to the end of the line.

Please remember to call upon arrival, and you will be texted when your practitioner is ready. 508-541-7353

Please use the hand sanitizer upon entering the building. Most important to ensure the safety of the clients and staff please reschedule if you suspect you are sick or have been exposed to a covid positive person. This will be a new curve for all of us so please be patient.
