

BILL OF RIGHTS

UNITED STATES OF AMERICA

DECEMBER 15

1791

KNOW YOUR RIGHTS

4TH BRANCH OF GOVERNMENT

The government was created by an Act of “We the People of the United States”. The creation cannot Trump the CREATOR. The Fourth Branch is bipartisan. It belongs to the People and not their elected officials. It is neither part of the Judicial, Executive, nor Legislative branches. John Adams, Thomas Jefferson and Benjamin Franklin, purposely placed the POWER of the 4th Branch in the “Bill of Rights” to make it clear that it is the “ultimate power” of “We the People” which allows us to consent or not to the actions of our government.

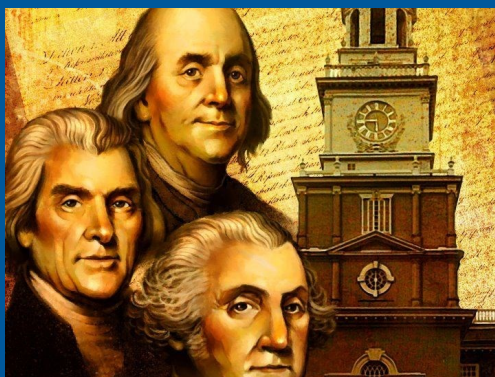

James Madison

"The purpose of the U.S. Constitution is to prevent the majority from harming the minority".

Benjamin Franklin

"Ordayning of laws in favor of one part of the nation to the prejudice and oppression of another is the most erroneous and mistaken policy. An equal dispensation of protection, rights, privileges, and advantages, is what every part is entitled to, and ought to enjoy."

Thomas Jefferson

"The care of Human life and happiness and not their destruction is the first and only object of good government".

SOLUTION

2025 CONSTITUTIONAL CRISES

4TH BRANCH

The Bill of Rights guarantee the Power of the "Sovereign People of the United States", over all branches of government. In our Republican Democracy, the Powers of, "We the People" can be exercised directly by the People or through their elected Representatives. And while Powers are delegated to the three branches of government , the "true power", remains with the People, for whom all branches exists and act.

SEPARATION OF POWER

4TH BRANCH

The Three Branches of Government are: Legislative, Executive, and Judicial, known as the separation of powers. This balance is being threatened. The Fourth Branch must "awaken" to take its place in the hierarchy of power. The People must Act now to protect the Rule of Law upon which the entire U.S. Constitution is predicated. The 4th Branch of Government is, the Common Law Grand Jury

Legislative Branch: Creates laws

Executive Branch: Enforces laws.

Judicial Branch: Interprets laws.

Fourth Branch: Protects Rule of Law.

AWAKEN THE POWER OF THE

4TH BRANCH

The *4th Branch-Common Law Grand Jury* is the highest and Supreme Law of the Land. It is the direct voice of the People which allows them to exercise their power directly over all branches of government. It is the duty of the 4th Branch to defend the United States Constitution from domestic and foreign threats and expose all fraud and corruption whether it is political or judicial and stop it, using the Rule of Law.

GOVERNMENT TAKE OVER

The moment President Trump took office January 20, 2025, he has been rapidly dismantling our Democratic Infrastructure and disabling our Administrative State. He has ignored the Balance of Power and refuses to include Congress in his policy-development process. He has defied laws, regulations and court rulings. His mass firing of critical government employees have purged experienced career servants and replaced them with unqualified individuals who lack the skills to do the job. This puts all Americans at risk. In his U.S. foreign affairs, President Trump has provoked Canada, Panama and Denmark, and re-named the Gulf of Mexico the “Gulf of America”.
