

Dear Neighbors,

We have a challenge here in Kennebunkport and that is affordable housing. We are hoping that you will help us address the issue so we write you with some thoughts:

- Kennebunkport needs to remain an active community with a thriving school and village. Affordable housing for year-round residents - young families, working adults, and retirees - will help us do that.
- Kennebunkport needs to be affordable to those that work in the community to reduce wait time for services like snow plowing and to attract teachers, emergency responders, and municipal workforce.
- Kennebunkport businesses need a steady and committed workforce to succeed. Attainable housing is vital to maintaining a reliable workforce and viable businesses.

KHHT was established to work through this challenge and has thus far built one phase of affordable housing and is now ready to build phase two, but we need your help to meet our goal of 25 homes by 2025. **To reach our goal we are looking to build our base of support to 100 monthly Front Porch Funders.** Become a Front Porch Funder by pledging a monthly donation between \$5 and \$100. Your pledge shows granting agencies we have the broad community support they're looking for.

**We are excited to partner with Sea Bags this year to thank supporters who donate by December 1!**

- \$20/month (\$240/year) = a limited edition KPT wristlet
- \$30/month (\$360/year) = a limited edition KPT buoy tree bucket bag
- \$45/month (\$540/year) = a limited edition KPT buoy tree large tote
- \$90/month (\$1,080/year) = one of each limited edition wristlet, bucket bag, and large tote

Seabags is only making 26 each of these exclusive-to-KHHT items. Bags and/or wristlets are available to donors who make a commitment to support attainable housing by December 1, 2022. See the attached insert for designs.

Your donation helps ensure a home supply working people can afford to keep our community healthy, vibrant, and strong!

With deepest gratitude,
