Jessica Lahey

The Addiction Inoculation Raising Healthy Kids in a Culture of Dependence

Jessica Lahey, an educator and the *New York Times* bestselling author of *The Gift of Failure: How the Best Parents Learn to Let Go So Their Children Can Succeed*, helps parents and educators understand the roots of substance abuse and identify who is most at risk for addiction, offering practical steps for prevention.

All children, regardless of their genetics, are at some risk for substance abuse. According to the National Center on Addiction and Substance Abuse, teen drug addiction is the nation's largest preventable and costly health problem.

In this program, she provides evidence-based strategies and practical tools adults need to understand, support, and educate resilient, addiction-resistant children.
