Terms we should all know….

- **Outbreak**
  - *DCHD has final say on what must occur after known outbreak*
  - 2 or more cases epidemiologically linked (not of same household)
  - Outbreak testing strongly recommended by IDPH, 28 days in length
  - Schools should be proactive and have consent on file to respond quickly to an outbreak situation
  - Twice weekly testing to targeted population (unvaccinated)
    - Can be sport team or activity, multiple classrooms or entire unvaccinated body
