Collaboration and Communication- Panorama

- Surveys administered
  - Administration of surveys falls under Goal 4, but responses provided and feedback collected is supporting the work of all goals
  - Surveys that were administered were selected by goal champions
  - Back-to-school survey for families (once in fall)
  - Social-emotional learning: student competency and well-being measures survey (freshmen in the fall; seniors and possibly freshmen again in the spring)
  - School-level student survey (once in fall)
  - Social-emotional learning: adult measures survey for teachers and staff (once in fall and again in spring)

Collaboration and Communication- Panorama

- Response rates
  - Back-to-school survey for families - average response rate for Panorama is 25-35%; response rate for District 86 was 28.2%
  - SEL student survey - average response rate for Panorama is 60-80%; response rate for District 86 was 88.4%
  - School-level student survey - average response rate for Panorama is 60-80%; response rate for District 86 was 93.4%
  - SEL teacher and staff survey - average response rate for Panorama is 60-80%; response rate for District 86 was 66.3% (74.3% for teachers and 57.66% for staff)

Collaboration and Communication- Panorama

- Next steps
  - Goal champions and building administrators are currently reviewing the survey results and talking with strategy teams and stakeholders about overall themes
  - Data and feedback are being used to identify potential actions or activities to build on strengths and/or address opportunities for improvement
  - Protocols are being created for building- and district-level data
  - More detailed report will be presented to the board on Feb. 24
