Continuum of Course Level Options

	Educational Services (Self-Contained or Applied)	College / Career Prep	Honors & Dual Credit	A.P. Advanced Placement
		Fluid: Based on Student Request		
Description and Academic Support	This program is designed for some students with an IEP. The curriculum focuses on essential skills and is tailored to the individual needs of the students in the class. The classes are capped at 13 and depending on the diagnosed disabilities of the students involve student aides, a personalized curriculum and support services	All general education courses have a college / career preparatory curriculum. Courses follow on grade level Illinois learning standards. Students who struggle in these courses are supported by the following: - Differentiated Instruction - Coteachers (IEPs) - Resource (IEPs) - Interventionists - Paired Support Classes - Excel - GESST / SESST	Many core and elective courses have honors levels. These courses differentiate and accentuate the core curriculum by pace, content, product and inter/intra curricular application** Dual Credit opportunities are available for students in 13 courses. The curriculum for these courses is constructed in concert with partner colleges and universities. Successful completion of a dual credit course earns credit in D86 as well as our partner college/university	D86 is proud to offer 28 Advanced Placement courses. The curriculum is approved by the College Board and aligned to content specific exams.** Students who pass AP exams earn post secondary credit determined by colleges and universities across the country. **Students who struggle are supported by - Differentiated Instruction - Interventionists - GESST / SESST - Resource (IEPs)

This *leveled* model encourages students to challenge themselves in content areas while knowing that they will receive academic support when they struggle.
