CPIM CERTIFIED IN PLANNING AND INVENTORY MANAGEMENT

Predict with precision, plan with purpose and prioritize inventory to maximize profit with the APICS CPIM

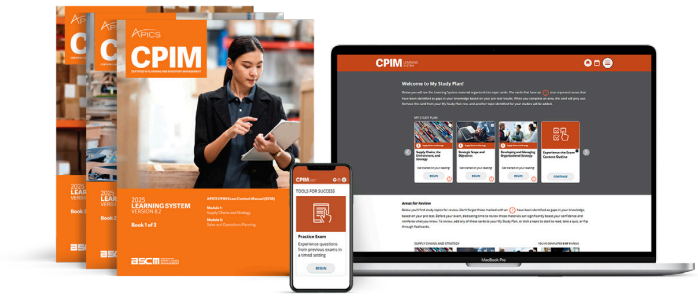

Earning your CPIM certification shows employers that you know how to effectively manage risks and disruptions, as well as leverage technology that uses data and streamlines processes.

This credential empowers professionals with a comprehensive understanding of internal operations, planning, sourcing, production, inventory and materials management. CPIM-certified individuals have the strategic and tactical expertise essential for supply chain excellence and add value across the entire supply chain.

What's covered in the CPIM program?

The CPIM content covers the following key topics:

- Supply Chains and Strategy
- Sales and Operations Planning
- Demand
- Supply
- Detailed Schedules
- Inventory
- Distribution
- Quality, Technology and Continuous Improvement

CPIM CERTIFIED IN PLANNING AND INVENTORY MANAGEMENT

INSTRUCTOR-LED COURSE

Prepare for the APICS CPIM exam with expert guidance

The APICS Certified in Planning and Inventory Management (CPIM) provides a comprehensive body of knowledge, best practices and standards to allow candidates to better respond to supply disruptions, respond to demand variations and manage supply chain risk.

Earning the APICS CPIM demonstrates mastery of an organization's internal operations and an in-depth understanding of materials management, master scheduling, forecasting, production planning and how it applies across the extended supply chain.

After earning your CPIM you will be able to:

- Increase inventory accuracy and reduce inventory
- Improve forecasting
- Improve the S&OP process
- Manage and apply capacity resource planning
- Work more productively with your company's ERP system

Expert Instructor-led classes

Join a course with an experienced instructor
Our certification preparation courses utilize the APICS CPIM Learning System, giving you access to the most comprehensive, effective, and up-to-date exam preparation tools available.

Benefits of an instructor-led course

- Learn from an experienced instructor who provides expertise, insights, and one-on-one guidance
- Network, share experiences, and discuss topics with a diverse group of professionals
- Stay on track to earn your certification with a structured learning experience

In addition to the guidance you'll receive in the classroom, you will also receive the APICS CPIM Learning System. The Learning System provides access to both printed and digital materials. The online platform also includes learning activities, a personalized study experience, microlearning, and convenient access to reading materials.
