If you've attended Conference events lately, you'll have noticed that many of our churches are lively and joyful regardless of the size of the congregation. We have so much spirit, joy, and courage to offer the communities in which we serve! We are actively engaged in the ministry Jesus did, feeding bodies and souls, working for justice and safety for marginalized peoples, resisting the powers of war and divisive hatred, and worshiping faithfully.

To support the needs of these amazing churches for skilled leadership, our Conference is joining with our UCC neighbors in Vermont to develop **Ministry21**...

The Vision:

Ministry21 aims to break down barriers and expand opportunities for discernment and learning for ministry across our two Conferences. Our collaborative effort seeks to:

- foster a community of learning and collegial connections beyond “classroom and coursework” engagement. develop a holistic program of discernment and learning for the whole church.
- address the social and cultural realities of being faith-filled people in communities that are increasingly secular.
- foster a community of learning and collegial connections beyond “classroom and coursework” engagement.

Courses will be offered with a combination of in-person and online, asynchronous engagement, designed to meet diverse learning styles and entry points.
