INCREASED SAVINGS & SUCCESS FOR YOU AND YOUR CUSTOMERS

To help your customers achieve their targeted wellness goals, we have maintained the same 2023 trios of some of our most dynamic and supportive complexes and are offering them to you at a 35% discount.

Visit the [AACHomeopathy blog](#) and find links to articles on each product page at [NewtonLabs.net](#) to read more about the concepts behind each group selection. For example, when trying to manage weight, many struggle with fatigue, and fat cells are known reservoirs of toxins, so we've grouped together our **Appetite~Craving Control**, **Detoxifier**, and **Fatigue Fighter**. Read the articles and share your new-found knowledge. We're confident the increased savings and tips will continue to help you and your customers achieve success.

Whether listed as a supportive complex or not, we believe it's important to take **Detoxifier** along with any other NEWTON homeopathics® remedy. Educate your customers on the importance of considering a daily dose of **Detoxifier** as part of their daily wellness routine.
