Print Student Last Name

REMEMBER: This security card will grant you access to pick up your student(s). Please keep excess printing to a minimum. Only print as many copies as needed. Charlotte Lab School is not responsible for lost or stolen security cards. In the event that a card is not present, a staff member will ask the driver for the student's name and the security code. The security code is the birth date of the student. If a driver does not know the code, the student will not be permitted to get into the car. In this event, the parent or emergency contact will be called for verification.

Place card in driver-side windshield/dashboard. Access the carpool line via Brevard St. Staff will guide you into our parking lot. Please put hazard lights on.
