SUPPLIES,
LAPTOP
REQUIREMENTS

101 ESSAYS that will CHANGE the way YOU THINK RIANNA WEST

Class of 2024 Fall Semester Textbooks and Supplies

Below is a list of required or recommended textbooks for the fall semester of your first year at KSUCPM. You may purchase your textbooks, dissection kit and lab coat listed below through the Kent State University Bookstore: <https://kent.bncollege.com/>.

Students will want to indicate “Kent, Geauga, Twinsburg & Podiatric Campuses” and then Fall 2020 when doing the search for textbooks and supplies.

Many students find it worthwhile to wait to purchase textbooks until they have met their big brother/big sister. You will meet with your “BIG” during the first week of classes. We would, however, advise you to purchase your scrubs, lab coat, dissection kit and nitrile gloves for anatomy lab prior to orientation as you will need those supplies the first week of school.

It should be noted that the KSUCPM library has all required and recommended books on reserve and some textbooks are available electronically as well.

Fall semester – First Year Textbooks

PCS 80119 Anatomy & Embryology (Stephanie Belovich, PhD)

Moore: Clinically Oriented Anatomy, 8th ed., Lippincott Williams & Wilkins, 2018 (Required)
Detton: Grant’s Dissector, 17th ed., Lippincott Williams & Wilkins, 2021 (Required)
Agur: Grant’s Atlas of Anatomy, 15th ed., Lippincott Williams & Wilkins, 2020 (Required)
Moore: The Developing Human, 11th ed., Saunders, 2020 (Required)

PCS 80112 Cells & Tissues (Joann Eble, M.S.)

Mescher: Junqueira’s Basic Histology: Text/Atlas, 15th ed., McGraw-Hill, 2018 (Required)

PCS 80113 Staying Alive (Tim Whittingham, PhD)

Ferrier: Lippincott Illustrated Reviews: Biochemistry, 7th ed., Lippincott Williams & Wilkins, 2017 (Recommended)

PCS 80118 Medical Genetics (Mark Dalman, PhD)

Jorde: Medical Genetics, 6th ed., Philadelphia, PA : Elsevier, 2020 (Required)
Adkison: Elsevier’s Integrated Review Genetics, 2nd ed., Mosby, 2012 (Recommended)

PMD 80113 Medical Ethics (Karen Haely, PhD)

(No text required or recommended)

PMD 80114 Principles of Medical Research (Jill Kawalec, PhD)

(No text required or recommended)

PMD 80117 Podiatry, Professionalism & Society I (Rocco Petrozzi, DPM)

Rogers, Holly: The Mindful Twenty-Something: Life Skills to Handle Stress... and Everything Else. New Harbinger Publications, 2016. (Required)

Students may want to use the CPM Library website for a Library Guide for First Year Students:

<https://proxy.library.kent.edu/login?url=http://libguides.cpm.kent.edu/1stYear>

(log in using Flashline username/password)

Fall Semester – Dissection Kit, Scrubs, Gloves and Lab Coat

- The Dissection Kit to be purchased for lab (PCS 80119 Anatomy & Embryology) can be purchased through the Kent State online bookstore or Amazon.com and includes:
 - a. Blunt Probe
 - b. Bard-Parker #3 Scalpel Handle
 - c. # 10 Scalpel Blades
 - d. Dissecting Scissors
 - e. Kelly Straight Hemostat
 - f. Tissue Forceps
- Disposable Nitrile gloves for anatomy lab (*Available through Kent State online bookstore or any medical supply store or pharmacy*)
- Full length, cuffed sleeve lab coat (*Available through Kent State online bookstore or any medical supply store*) Please note that this lab coat is necessary for lab and is not the white coat you will receive eventually during the White Coat Ceremony (date TBD.)
- Scrubs (*Not available through Kent State online bookstore*). Scrubs can be any color or print.

Reminder: You will need scrubs, a lab coat, and Nitrile gloves for Anatomy Lab beginning your first week of classes.

Laptop, Exam & Program Requirements

Laptop Requirements

The College of Podiatric Medicine Information Technology department has put together a guide to purchasing a laptop. You will utilize this laptop for testing.

You can view laptop requirements here: <https://www.kent.edu/cpm/laptop>

Remote Exam Requirements (if necessary to utilize remote exams)

While we are planning for exams to take place at the College, the evolving situation of COVID-19 may prevent this in some instances. There may be a time in which exams are administered remotely. If exams are ever administered remotely, you will want to purchase:

- 1.) A small white board (8.5" x 11" size) with dry erase markers/eraser. Your faculty member **MAY** allow you to use this during an exam administered remotely.
- 2.) A small handheld mirror. This mirror will allow the proctors to see the monitor or surrounding area around the laptop to verify there are no questionable materials available to you during the course of an exam.

Program Requirements

During orientation you will have the opportunity to “test drive” and review some of the various programs you will utilize as a medical student. Please use this link to download or set up accounts with various programs prior to orientation: <http://www.kent.edu/cpm/tech-resource-guides>.

Those programs include:

- Blackboard
 - Ensure you can log in with your Kent credentials at <https://learn.kent.edu>
- Boxcast
 - Ensure you can log in with your Kent credentials at <https://boxcast.tv/lecture/ksu>
- Zoom
 - Create a free account at <https://zoom.us> with your Kent email address.
- SimpleMind
 - CPM-IT will be in contact with installation instructions. Look for a separate email!
- Examsoft
 - CPM-IT will be in contact with your login credentials. Once received, download Examplify from <https://www.examsoft.com/ocpm>

The IT Team at KSUCPM will be on site during orientation if you have any questions or trouble accessing these tools. In the meantime, if you have questions prior to orientation, please e-mail CPMIT@kent.edu.
