

## Baystate Welcomes New Pediatric Endocrinologist

Baystate Children's Hospital and the Department of Pediatrics at UMMS-Baystate are delighted to welcome **Dr. Michele Gortakowski** to the Division of Pediatric Endocrinology. Dr. Gortakowski received her medical degree from the Pennsylvania State College of Medicine in Hershey, PA. She completed a combined medicine-pediatrics residency here at Baystate and completed a combined medicine-pediatrics fellowship in endocrinology also here at Baystate. She was Co-Chief resident for the combined Medicine-Pediatrics Residency program and served on the GME Committee and Resident/Fellows Quality Council here at Baystate. She also served as a representative to the National Med Peds Residency Association (NMPRA). Michele will spend 30% of her time in pediatric endocrinology and the rest in Adult Endocrinology. Welcome Michele: we are so delighted that you stayed at Baystate!
