Judith Ward, MBA, FACHE

Vice President, Marketing & Communications

1. Most rewarding aspect of working in healthcare:

I have worked in corporate America and healthcare and I can say without a doubt it's the people. Every day I'm inspired by the dedication of the people who have made it their life purpose to take care of others.

2. Share an interesting fact people would be surprised to know about you:

I was born in Alabama and my parents were British.

3. Best advice you've ever received:

"You have two ears and one mouth – use them proportionately."
