

Congratulations to Residents Matching in Fellowships

The Department of Pediatrics at UMMS-Baystate is proud to announce the residents in pediatrics and combined medicine-pediatrics training programs who successfully matched in ACGME-accredited fellowships starting July 2021! In pediatrics, our Chief Resident **Dr. Samantha Roberge** will be going to Cincinnati Children's Hospital for training in pediatric

endocrinology; **Dr. Amara Danielczok** will be going to Emory for training in pediatric endocrinology; and **Dr. Eddie Zitnik** will be going to UCLA for training in pediatric nephrology. From the combined Med-Peds program, **Dr. Kevin Hachey**, Chief Resident in Internal Medicine will be going to Indiana University for training in adult pulmonary/critical care; **Dr. Faith Ikalina** will be going to Montefiore Medical center for training in combined med-peds rheumatology; **Dr. Laura Kvenvold** will be going to University of Connecticut for training in combined med-peds Infectious Diseases; **Dr. Max Norris** will be going to the National Institutes of Health for training in allergy and immunology; and **Dr. Theresa Sepulveda** will be going to Baylor University for training in adult Infectious Diseases. Congratulations to these remarkable young physicians for matching in such highly regarded academic fellowships!
