

# Marble Resin Wooden Serving Board Fundraiser

Sign up to create an artful resin cheese board! All proceeds will be donated to the New England Parkinson's Ride to benefit the Michael J Fox Foundation for Parkinson's Disease research. These 18" x 8" x 3/4" wooden serving boards are pretreated and the resin we use is food safe. Start up your long awaited social gatherings with style and flair! You will wow your friends with your food presentation on your very own hand-crafted creation! They make fantastic hostess, bridal shower, new home, birthday, wedding gifts and so much more!

We will be holding 2 days of workshops, with three time slots available each day. The events will run **Saturday July 10th and Sunday July 11th from 10am-12pm, 1pm-3pm and 4-6pm each day**. Our workshop capacity is 12 people per time slot. Please follow the google doc link below to sign yourself up, or send me a direct message. We will have a variety of colored dyes and additives for you to choose from. ***The cost of creating a serving board is \$45.*** Participants will have to return at a later date to pick up their serving board, as it will be too messy to transport.
