## 2021 Budget Priorities

#	RESPONSES	DATE
1	Police - there are other ways to do things. Think about investing money elsewhere. Not saying defund but look for other places to fund.	6/23/2020 10:21 AM
2	Decrease funding for statue removal and distruction - History is what it is.	6/22/2020 9:38 PM
3	I would like to see a breakdown of the police budget. I can't find one readily available online, so I can't make an informed decision on if defunding the police would be beneficial to our community.	6/22/2020 10:45 AM
4	San Antonio River Authority	6/21/2020 5:05 PM
5	Certain routes for public transportation or decrease the size of buses (when half the time they appear empty)	6/19/2020 5:12 PM
6	I do not understand enough about what constitutes the budget to make a recommendation.	6/18/2020 3:44 PM
7	no	6/16/2020 11:51 AM
8	The Alamo Promise	6/15/2020 11:27 PM
9	We need to divest funds from the SAPD and invest that money into proven programs that benefit our communities in need. Police officers do not have the education and/or temperament to handle mental health issues, drug addiction, domestic abuse issues, poverty, homelessness, etc. and they should not be expected to effectively handle those issues. I don't think the argument people are trying to make should be about individual officers or "bad apples", but instead about the system as a whole. Individual training has proven to be ineffective. Police presence does not make communities safer, resources do.	6/15/2020 7:55 PM

## 2021 Budget Priorities

114	It is most critical that all pensions going forward are replaced with 401k's like the private sector. Pensions will eventually bankrupt the city	5/29/2020 11:55 AM
115	Via	5/29/2020 11:52 AM

121	No	5/29/2020 11:38 AM
122	no	5/29/2020 11:37 AM
123	Police and fire salaries and benefits are, because of years of poor contract negotiating and give aways by the city, way out of proportion to the civilian sector of the community. Public safety personnel should be compensated fairly. But when a police sergeant makes way more than \$100,000 a year, something's wrong. AND when the union president makes that and ONLY does union business, that's horrible!	5/29/2020 11:36 AM
124	PREK4SA	5/29/2020 11:34 AM
125	PreK4SA	5/29/2020 11:24 AM
126	The government exists to provide law and protection of its' citizens. Police and Fire services should not be cut in response to a Covid shortfall. I recommend decreased funding for the myriad of Social programs, including the "Equity programs that are currently in place.	5/29/2020 11:23 AM

142	Pre K for SA	5/19/2020 6:00 AM
143	Parks and recreation holiday parties	5/18/2020 9:57 PM
144	I don't know enough about current services to say which ones I'd decrease. I would say none - if they're currently being funded, they must be necessary in some way.	5/18/2020 6:55 PM
145	Stop anything related to the arts. Stop renovation of The Alamo and its grounds and street closures. Stop wildlife bridge. No rail nor streetcars on rail. Do not need a Calf company telling us how to manage the homeless when their problems are way worse than ours! Decrease spending of SAWS and CPS.	5/18/2020 6:38 PM
146	Pre-K	5/18/2020 5:34 PM

## 2021 Budget Priorities

#	RESPONSES	DATE
1	Seniors and youth programs.	6/23/2020 10:21 AM
2	Speed up all road and highway construction projects - examples: Thousand Oaks and Wetmore road. End the start - stop and repeat work plan	6/22/2020 9:38 PM
3	I would increase funding for HeadStart programs for children and also public health and human services.	6/22/2020 10:45 AM
4	I can't think of any.	6/21/2020 5:05 PM
5	First responders (police)	6/19/2020 5:12 PM
6	I do not understand enough about what constitutes the budget to make an accurate assessment. However, we need to improve our public education across K-12 as well as add back in vocational training in high school - electrician, plumbing, wood working etc. to provide a career plan for those not going to college. This would be an incredible boost to decreasing poverty in communities and families long term. Also, the maintenance of the streets in neighborhoods is not good and when streets are repaired they don't last. Also, how they are prioritized seems to be at times incorrect.	6/18/2020 3:44 PM

9	We need to increase funding for education (including teacher pay) in lower income areas to make sure every child is educated equally. We need to increase funding for mental health services, job training, affordable housing, transportation, and issues around food security ie. investing in more community gardens where SA citizens are living in food deserts and incentivizing grocery stores to open in those areas.	6/15/2020 7:55 PM

201	Animal Care Services - as families face financial crises, they may have a harder time holding onto their pets so more may get abandoned and need rehoming. Libraries - having a temperature controlled place for kids to engage with books etc, adults to have access to free wifi and other resources including books, newspapers and magazines, and the public see first hand how their tax dollars can and do benefit them seems critical to me especially as we emerge from COVID19 closures.	5/18/2020 12:11 PM

82	I was glad to see that street striping and street signs were included in the categories. They are an important part of public safety and San Antonio has neglected both for a long time. Illegible or worn street signs cause driver distraction and faded inadequate lane markings cause accidents because drivers drift out of their lanes especially at night. Neither are big cost items and they produce tangible results.	5/29/2020 3:33 PM

122	Rail to Austin	5/18/2020 5:35 PM
123	Protecting the environment and stopping global warming, beginning with something as simple as outlawing plastic bags (this would help with the public litter problem, too). Of course, good public transportation is part of it. How about city council members committing to taking public transportation to a meeting once a week or at least once a month?	5/18/2020 5:16 PM

129	Rehaul of the property tax system that keeps valuing homes to high and ignores evidence when presented. We are paying more tax and the rich and business owners have ways to get around the system and pay way less than their fair share.	5/18/2020 2:53 PM

146	Food programs for those hit hard by the pandemic. Public private partnership models to activate guard and reserve forces to transport from farm to market when necessary.	5/18/2020 12:33 PM
147	Tax relief, especially since the city council shut down our local economy for two and a half months. Rent relief is great. If you are only paying the rent. But what about the mortgage holders? They still have to pay their mortgages.	5/18/2020 12:32 PM
148	No	5/18/2020 12:24 PM
149	I'd like what is perhaps being cut and what non profits might be able to help fill the gap so those wanting to support these services could do so through those non profits. For example, ACS partners with Animal Defense League and the SA Humane Society so supporting those non profits could help ACS. I know the libraries have Friends of the Libraries but I'm not sure how that could help fill any budget gaps.	5/18/2020 12:13 PM
