

## **2026 Proposed Bylaws Amendment #5**

The District 4-L4 Bylaws currently provide Budget and Finance committee sets the budget but does not consider that the convention delegates must approve said budget, this is to correct that.

### **Article VIII, District Administration Fund, Section 2**

The Bylaws currently provide:

Section 2. USAGE OF FUNDS. Except for the money deposited in the convention fund, the funds collected shall be used as budgeted by the Budget & Finance Committee solely for the administration of the district. All proceeds accruing from the district convention shall be maintained separately from the other funds of the district and may be expended for the conduct of the convention only, or for emergencies thereto related.

The Proposed Amendment would be as follows:(*changes in bold italics*)

Section 2. USAGE OF FUNDS. Except for the money deposited in the convention fund, *the administrative funds collected by the district shall be used in accordance with the district's budget approved by the convention delegates, solely for the administration of the district. It is the responsibility of the Budget & Finance Committee to prepare the district's budget to be voted on by the convention delegates annually.* All proceeds accruing from the district convention shall be maintained *in the Convention Account that is a separate district account from these administrative funds* and may be expended for the conduct of the convention only, or for emergencies thereto related.
