Help Make This Event a Success!

# **WORLD DIABETES DAY**

**Sunday • November 16, 2025 • Irvine California**

A 20-mile family-friendly charity bike ride through Irvine, CA,  
raising funds to prevent diabetes-related vision impairment and  
support summer camps for children with diabetes.

**CALL**  
**(949) 231-2713**

**BE A  
SPONSOR**

**EMAIL**  
**INFO@LIONSIDIABETES.ORG**

Your sponsorship helps prevent vision loss from diabetic retinopathy while promoting your brand to thousands of engaged donors.

Gain valuable visibility across social media, events, and other platforms while making a meaningful impact on diabetes awareness, prevention, and support for those in need.

# Preventing Blindness, Empowering Lives

## Digital Retina Scanners

These scanners quickly detect diabetic retinopathy early, helping prevent vision loss. Early detection is key to saving sight and preventing blindness.

## Diabetes Summer Camps

Diabetes camps help kids learn diabetes management while having fun with peers. They build confidence, independence, and lifelong friendships.

With these digital retina scanners, no dilation is needed for retinopathy exams. Trained Lions Club volunteers take a photo, which is sent to a volunteer ophthalmologist for review and follow-up if abnormalities are found.
