BEELINE BLUE

Our Process For Saving You Money

Having an outdated printer can increase costs and waste time through constant repairs, maintenance calls, and slow processing times. Investing in a new printing system can reduce your businesses expenses drastically with no outside service expenses, low cost contracts, and overall improved productivity.

At Beeline and Blue, we make sure that your printer is saving you time and money while still maintaining a high standard of quality.

Read our process below on how we can live up to that promise!

1 Evaluating your Current System

Interested in upgrading your system, but unsure of what route to take? No worries, our team at Beeline and Blue will work with you to find your best fit!

Finding your perfect printer starts by meeting with our skilled and knowledgeable printing services team. Our team will work with you to evaluate your current printer system and usage patterns through a complimentary audit. This audit helps us pinpoint certain gaps in your printer's performance that are affecting the workflow and cost savings of your business.

Based upon our analysis, we can make recommendations on what new printers and equipment are the best fit for your office to ensure the highest productivity.

2 Continuous Support

When you use Beeline and Blue to upgrade your printer, you will have a printing services team at your disposal to assist with technology and maintenance.

When you use Beeline and Blue to upgrade your printer, you won't have to lift a finger. Our team is able to provide on-time delivery, professional grade installations, and training for you and your staff. We'll even help determine a location within your office that increases workflow and success.

Beeline and Blue's printing services team is always there for you, even after the installation. When service is needed, just give Beeline and Blue a call and one of our service technicians will be with you before the end of the day!

3 Flexible Leasing Plans

Finding a new printer shouldn't be an overwhelming experience.

Beeline and Blue understands that every customer has unique needs, time-frames, and budgets. This is why we provide multiple leasing options on every brand, low contract costs, and even 0% financing on some models.

Beeline and Blue also offers a one month trial of a printing system so you can be 100% sure on your investment. After the one month is up, we will review the results and the leasing option that best suits you!

Why upgrading your printer with B+B is a better value for your business:

- Complimentary evaluation, delivery, and installation of printing equipment.
- On-site training for you and your staff. Training will be recorded to share with your team, refresh your memory, and meet COVID-19 regulations.
- Ongoing product and equipment support from the Beeline and Blue Printing Services Team.
- Ability to upgrade to latest models ensuring high quality printing, low maintenance, and cost savings.
- Flexible leasing agreements with Beeline and Blue and 0% financing on some models.

Contact us today to receive a free audit and one month trial!
