DOCTOR REGISTRATION MATERIALS

14 CE Credits | April 23 - 24

Marriott Madison West, Middleton Wisconsin

Real-World Clinical Education for Today's Practice.

6510 Grand Teton Plaza, Suite 312
Madison, WI 53719
608-824-2200

February 6, 2026

TO: Wisconsin Optometrists
FROM: Dan Roberson, OD, WOA Spring Seminar Chair
RE: 2026 WOA Spring Seminar

Join your colleagues for 14 hours of premier education at the WOA Spring Seminar being held at the Marriott Madison West in Middleton on April 23-24. Classes begin Thursday at 8:00 a.m. and conclude Friday at 3:30 p.m. This is our first education event to kick off the new licensing biennium, featuring 1 hour of continuing education (CE) on prescribing controlled substances. In addition, attendees will enjoy an engaging exhibit hall featuring vendors showcasing the latest advancements in eye care.

Speakers:

- **Andrew S. Morgenstern, OD, FAAO, FNAP:** Assistant Professor, Department of Surgery Department of Defense Uniformed Services University School of Medicine (Bethesda, MD)
- **Steven Sorkin, OD, FAAO:** Director of Specialty Contact Lens Services Corneal Associates of New Jersey (Fairfield, NJ)

CE Approval:

- 14 hours approved by the Wisconsin Optometry Examining Board
- COPE accredited (approval pending):
 - 6 hours Treatment & Management of Ocular Disease (TD)
 - 3 hours Pharmacology (PH)
 - 3 hours General Optometry (GO)
 - 1 hour Systemic Disease (SD)
 - 1 hour Neuro Optometry (NO)

Registration:

- **Early Bird Deadline:** March 13, 2026
- **Final Registration Deadline:** April 13, 2026

REGISTER NOW 

Registration options:

- **Full Registration:** All education sessions and meals
- **Partial Registration:** Select individual courses and meals

DOWNLOAD FORMS 

Course and meal selections are required for all registrants, regardless of registration type, to ensure proper planning and access.

To pay by credit card, we strongly encourage registering online through the WOA website.

Non-members interested in joining WOA may complete an [online membership application](#) prior to registering.

For registration or membership questions, please email Assistant Executive Vice President, Ms. Joleen Breunig, at joleen@woa-eyes.org.

Hotel Information:

A room block has been reserved at **Marriott Madison West** in Middleton with the rate of \$141 per night plus tax. The room block will be released on **April 1, 2026**, after which the group rate is not guaranteed. Reserve online using the hotel link, or call 608-831-2000 and reference the Wisconsin Optometric Association.

Thur April 23

Event Schedule & Course Descriptions

7:00 a.m. - 5:30 p.m.

Registration

Conference Center Coat Room

8:00 a.m. - 9:40 a.m.

"Top 15 Diagnosis You Should Never Miss"

Andrew Morgenstern, O.D.

2 hours WI GO - COPE #: 96086-GO

(Pending)

Superior Room

These are the top fifteen diagnosis that you DO NOT want to miss. Failure to do so could be catastrophic for the patient. Unfortunately, they may walk into your office disguised as something else or staring at you right in your face. Can you identify the Top 15?

9:40 a.m. - 10:30 a.m.

Exhibit Hall Break

Michigan/Wisconsin Room

10:30 a.m. - 12:10 p.m.

"Ophthalmic Clinic Considerations of GLP-1s"

Andrew Morgenstern, O.D.

1 hour WI PH - COPE#: 100257-PH (Pending)

Superior Room

This course will examine the rise in GLP 1 receptor agonists in the patient population and the ophthalmic considerations that Optometrist must be aware of. Specific attention will be derived from the American Optometric Association clinical report of GLP-1's by it's primary author.

-AND-

"The OD's Role in TBI"

Andrew Morgenstern, O.D.

1 hour WI NO - COPE#: 93570-NO (Pending)

Superior Room

This course will discuss an optometrist's role in traumatic brain injury (TBI) management. It will review the types of brain injuries and how they are classified into mild TBI, diffuse axonal injury and chronic traumatic encephalopathy (CTE). The etiology and disease course of CTE will be reviewed, especially as it relates to football related head injuries. The course will also describe an ophthalmologic work up for a patient that has experienced a TBI.

12:10 p.m. - 1:20 p.m.

Lunch

Geneva/Mendota Room

1:20 p.m. - 3:00 p.m.

"Ticks Suck: The Systemic, Ocular and Neurologic Effects of Lyme Disease"

Andrew Morgenstern, O.D.

1 hour WI SD- COPE#: 88540-SD (Pending)

Superior Room

Lyme Disease is more common than we think. As primary health care providers, Optometrists need to be aware about detection, identification and treatment of Lyme Disease.

-AND-

"Not All Myopia Needs Control"

Andrew Morgenstern, O.D.

1 hour WI GO COPE#: 101458-GO (Pending)

Superior Room

This presentation is intended to discuss all the information regarding myopia management, but to also discuss if we are going overboard with implementation. Do we really have an epidemic of myopia? Is myopia a chronic disease as some are describing it? Are there children that do not need myopia management and who are they?

3:00 p.m. - 3:45 p.m.

Exhibit Hall Break

Michigan/Wisconsin Room

3:45 p.m. - 5:25 p.m.

"Front to Back and Everything In Between: Keratoconus and Cross Linking"

Andrew Morgenstern, O.D.

2 hours WI TD - COPE #: 101804-TD (Pending)

Superior Room

This lecture will focus on all of the most current information from around the world on corneal shape, keratoconus and CXL. Most importantly, it will highlight the detection of corneal ectatic disease by examining and evaluating the elevation, shape and risk factors of the posterior aspect of the cornea using advanced Scheimpflug technology.

5:25 p.m.—7:00 p.m.

Exhibit Hall Open House

Michigan/Wisconsin Room

Fri April 24

Event Schedule & Course Descriptions

7:00 a.m. - 2:00 p.m.

Registration

Conference Center Coat Room

8:00 a.m. - 9:40 a.m.

"Narcotics and Pain Management In The Optometric Practice"

Steven Sorkin, O.D.

1 hour WI PH - COPE #: 102778-PH

(Pending)

Superior Room

This course will review the contemporary state of the opioid epidemic in the United States. This course will review the roles of topical and oral pain management in eye care and highlight emerging approaches to ocular pain, including narcotic and non-narcotic medications and treatments.

-AND-

"Anterior Segment Imaging/Testing"

Steven Sorkin, O.D.

1 hour WI TD - COPE #: 99898-TD (Pending)

Superior Room

Anterior segment imaging devices have become indispensable in diagnosing and managing conditions such as glaucoma, keratoconus, corneal dystrophies, and other corneal diseases. This course will review both established and emerging imaging technologies and demonstrate their application through case studies, including their role in improving efficiency and outcomes in specialty contact lens practice.

9:40 a.m. - 10:40 a.m.

Exhibit Hall Break

Michigan/Wisconsin Room

10:40 a.m. - 12:20 p.m.

"Corneal Nerves Gone Wrong"

Steven Sorkin, O.D.

1 hour WI TD - COPE #: 99900-TD (Pending)

Superior Room

The cornea is the window of the eye. Corneal nerves are vital in protecting the cornea and keeping it healthy and clear. This lecture will discuss the neurotrophic and neuropathic cornea and how it should be diagnosed and managed.

-AND-

"Recurrent Corneal Erosions—Not Again!"

Steven Sorkin, O.D.

1 hour WI TD- COPE#: 100180-TD (Pending)

Superior Room

Recurrent Corneal Erosions are one of the most commonly encountered conditions seen in optometric practice. This course will discuss the etiology and medical and surgical treatments of this corneal condition. New research and treatment modalities will also be discussed.

12:20 p.m.—1:30 p.m.

Lunch

Geneva/Mendota Room

1:30 p.m. - 3:10 p.m.

"Corneal Side Effects of Systemic Medications"

Steven Sorkin, O.D.

1 hour WI PH - COPE #: 100181-PH (Pending)

Superior Room

Many drugs can damage the cornea, and drug-induced changes can range from asymptomatic deposits that are incidental findings during an examination to irreversible changes that can be life threatening. This can affect a single layer or multiple layers. This course will review some common (and not so common) systemic medications that can cause changes to the cornea.

-AND-

"Corneal Dystrophies 101"

Steven Sorkin, O.D.

1 hour WI TD - COPE #: 99899-TD (Pending)

Superior Room

Corneal dystrophies are commonly encountered in optometric practice. This course will review their clinical presentations and both medical and surgical management of these frequently visually debilitating conditions.

Featured Speakers

Andrew Morgenstern, OD, FAAO, FNAP

Dr. Morgenstern is a graduate of Boston University (B.S.) and Nova Southeastern University College of Optometry (O.D.). He completed his optometric training at the Bascom Palmer Eye Institute in Miami, Florida. Dr. Morgenstern is a contract optometrist for the United States Defense Health Agency - Vision Center of Excellence researching acute eye injury, blast eye injury and vision dysfunction associated with Traumatic Brain Injury. He is also a volunteer clinician at the Walter Reed National Military Medical Center in Bethesda Maryland.

Dr. Morgenstern serves as the Director of the American Optometric Association (AOA) Clinical Resources Group charged with developing the AOA's Evidence Based Clinical Practice Guidelines. He currently holds the faculty rank of Assistant Professor in the Department of Surgery at the Department of Defense Uniformed Services University School of Medicine. Dr. Morgenstern is a member of the Board of Trustees at the New England College of Optometry and is President and co-founder of the International Keratoconus Academy of Eye Care Professionals.

Prior to his current roles, Dr. Morgenstern was a Clinical Director and Education Director for TLC Laser Eye Centers and Principal Investigator for CXL-USA/CXL-O Corneal Cross-Linking clinical trials/studies. He has a special interest in surgical and non-surgical solutions to refractive error as well as corneal ectatic disease.

Professional Highlights:

- Board of Trustees, New England College of Optometry (NECO)
- Co-Founder and President of the International Keratoconus Academy of Eye Care Professionals (IKA)
- Past President of the Optometric Cornea, Cataract and Refractive Society (OCCRS)
- Past President of the Maryland Optometric Association (MOA)
- Chief Medical Editor Emeritus of Advanced Ocular Care and Collaborative Eye
- Editorial Board Member, Optometry Times
- Expert Reviewer, Cochrane Eyes and Vision
- Peer Reviewer, Eye and Contact Lens
- Fellow of the American Academy of Optometry
- Distinguished Practitioner and Fellow of the National Academies of Practice (NAP)
- Diplomate, American Board of Optometry (ABO)
- 2025 GP Lens Institute (GPLI)/National Keratoconus Foundation (NKCF) Practitioner of the Year
- 2019 Orion Award recipient from the Armed Forces Optometric Society (AFOS)
- 2015 Distinguished Alumni Award from Nova Southeastern University College of Optometry
- 2015 Maryland Optometrist of the Year
- 2015 AOA Presidents Award recipient
- 2012 Distinguished Alumni Award from Boston University
- Invited lecturer at the United States National Academy of Sciences Engineering and Medicine

Dr. Morgenstern is published and has lectured extensively both nationally and internationally on a variety of topics related to vision and eye care.

Steven Sorkin, OD, FAAO

Dr. Sorkin is Director of Specialty Contact Lens Services at Corneal Associates of New Jersey in Fairfield, New Jersey. He earned his Doctor of Optometry degree from the State University of New York College of Optometry. He lectures extensively throughout the country and internationally on contact lenses, ocular therapeutics and corneal disease. He has a special interest in difficult to fit contact lens patients, such as those with keratoconus and post surgical cases and manages many patients with complex anterior segment conditions.

Dr. Sorkin currently serves as President of the Essex County Optometric Society and serves as Vice President of the New Jersey Society of Optometric Physicians. He also serves as a member of the Medical Advisory Board of the International Keratoconus Academy. He is also a Fellow of the Scleral Lens Education Society. He is adjunct clinical faculty at Pennsylvania College of Optometry and the New England College of Optometry.

He was named New Jersey Optometrist of the Year in 2018 by NJSOP and Preceptor of the Year by PCO in 2025.

WOA Registration Information

Things You Need to Know:

Course Registration:

All courses are available on a first-come, first-served basis.

Registration Options:

- **Full Registration:** One fee covering all education classes and selected meals.
- **Partial Registration:** Select individual courses and meals, each priced separately.

Even if you plan to attend only select sessions, **Full Registration may offer the best overall value.**

Best Option for You:

- **Full Registration** is ideal if you plan to attend the entire Spring Seminar.
- **Partial Registration** is best if you're only attending select classes.
- **Choose the option that offers the best value for your schedule.**

Course & Meal Selection

- All registrants must select the courses and meals they plan to attend, regardless of registration type.
- Tickets and access will be provided only for selected courses and meals.

Tickets & Admission

- A name badge or ticket is required for admission to all classes and meals.
- Please bring your badge or tickets with you throughout the seminar.

Payment

- Credit card payments should be submitted through the secure online registration system.
- Printable paper registration forms are available to download and may be submitted by:
 - Email: woa@woa-eyes.org
 - Fax: 608-824-2205
 - Mail: 6510 Grand Teton Pl, Ste 312, Madison, WI 53719

REGISTER NOW 

**DOWNLOAD
FORMS** 

NOTE: Incomplete or illegible forms may delay processing.

Refund Policy

- Cancellations received by April 13, 2026 will receive a full refund minus a \$30 administrative fee.
- No refunds will be issued after April 20, 2026.
- Refund checks will be mailed following the seminar.

Deadlines:

- **Early Bird Registration: March 13, 2026**
- **Final Registration Deadline: April 13, 2026**
- **On-Site Registration: Not available.**
