

Chess at St. Philip Neri

Dates: Thursdays, September 20 to December 13, 2018
Time: 3:15-4:15
Grades: 1-8
Location: Science Lab
Fee: \$154 for the 11-week session

Chess is fun and can be learned quickly and easily. Studies have found that chess improves test results in reading, science, and math, and encourages growth in critical cognitive skills. Beyond academia, chess influences social behavior, including self esteem, respect for others, patience, and good sportsmanship. Students at all levels of skill are welcome!

Boards and sets are provided for our classes. **Reduced fees are available to low-income families upon request.** The first child in a family is full price; additional siblings are half price. The class minimum is 10 and the maximum is 20. Enrollments are accepted in the order received.

*Note: The first parent to volunteer to assist the chess class will receive **free chess for your child this session and hours counted towards your SPN volunteer hours.** The volunteer will escort the children from the yard to the Science Lab, wait for chess class to begin, and, when class concludes, escort the children who have not been picked up to Share & Care. Contact the Berkeley Chess School at **510-843-0150** or email programs@berkeleychessschool.org.*

The Berkeley Chess School is a nonprofit organization offering chess instruction from elementary through high school since 1982. We are an affiliate of the US Chess Federation. Over the years our students have won numerous state championships, with some going on to become Masters, FIDE Masters, and International Masters.
