

SPN Community Sidewalk Chalk Art Project

Join the SPN Community in transforming the sidewalks outside the school into a colorful street gallery!

In conjunction with the second Materials Pick-up/Drop-off at the Garden on September 14th, 15th, & 16th, families are invited to create artwork or quotes on the pavement that represent COMMUNITY and the SPN theme of the year, CONNECTION.

With physical distancing and safety in mind, each grade will have **designated squares** on the sidewalk, **specific times** they will be drawing, and **appropriate spacing** between each child/family. We will also be providing individual chalk packets for each student to use and that they can keep after they create their masterpiece. Families who choose not to participate in person, please send in a drawing from your child and we will affix it to a square.

On September 19th & 20th, we invite you to take a weekend stroll around the school with your family to see the fun creations, or at your leisure in the week after (thanks to some chalk magic that will preserve all the wonderful drawings).

Thank you to the wonderful SPN parents who helped organize and host this collaboration!

When: September 14, 15, 16

Schedule: Provided to each class by teacher
