Take On Sustainability

Give the workday 100% with 0 emissions, 0 traditional fuel costs and 0 compromises.

Zero Emissions

Reduced Noise Pollution

By eliminating the exhaust emissions from the vehicle, you get a quieter drivetrain that enhances the operator's awareness of their surroundings, *and* allows for quiet-zone usage.

Embrace Sustainability

Environmental, Social and Governance requirements aren't going anywhere - in fact they're only growing. Take them on with confidence with Pro XD Kinetic.

Waste Less

Disposable service and replacement parts mean less waste. Scratch oil changes, filter replacements, spark plugs and clutch maintenance from your to-do lists, forever.

Zero Traditional Fuel Costs

Head-to-Head Cost Comparison over 5-Years

Zero Compromises

The Range You Need

Go the distance, all day and every day, with an up to 45-mile range*.

Haul What You Want

You don't need to worry about leaving cargo behind with 1,250 lbs cargo hauling and 2,500 lbs max towing - this machine is built to work!

Plug In & Go

No new infrastructure needed with 100V standard charging, *or* give your charging a boost with optional 220V fast charging.

Work Harder, Work Longer

Less serviceability & more uptime with 1,000 mile maintenance intervals.

Warning: Polaris Pro XD vehicles can be hazardous to operate and are not designed for on-road use. All riders should always wear head protection - such as hard hats or a helmet - that is appropriate for operating conditions and intended usage, considering factors such as intended speed, unevenness of terrain, turns in path, weather, obstacles, and other traffic. Always use seat belts and close doors (as equipped). Never engage in stunt driving, and avoid excessive speeds and sharp turns. Riding and alcohol/drugs don't mix. All riders should take a safety training course. Call 800-342-3764 for additional information. © 2024 Polaris Inc.

*Range estimates based on manufacturer data on typical customer driving usage and conditions. Actual range varies based on conditions such as external environment, weather, speed, cargo loads, rates of acceleration, vehicle maintenance and vehicle usage.
