## Adaptive Toy Giveaway & Community Meet-Up

### What to expect:

- Each child may receive an adapted toy - register in advance so we have enough
- Meet the volunteers who modified the toys
- Share feedback to help guide future efforts
- A welcoming, low-pressure space to connect
- This is our first event—simple, friendly, and community-focused.

***“We’re starting with children - because when toys are accessible, participation and connection grow. We’re starting small, and building together.”  
- Ellen Ellsworth***
