

Fall 2018 Technology Club Information

Dear Ascension Parents,

We would like to invite your 6th, 7th or 8th grade student to join Technology Club at Ascension School. The Technology Club meets after school from 3:00 pm to 5:00 pm, each Wednesday for the Fall/Winter term (September to December) and then the first and third Wednesdays for the Winter/Spring term (January to June). The club's focus will be on First Lego League Robotics for the Fall/Winter term and then there will be an independent coding and robotics project planned for the Winter/Spring Term. The club is limited to 30 members. Since there are limited openings, we encourage candidates to register as soon as possible. We are hoping to achieve a balance among gender, along with a diverse student population within the group. A \$75.00 fee will be required for each student's participation. The school's student handbook rules will apply. The first Technology Club meeting is scheduled for Wednesday, September 12, 2018. Please submit the form and fees prior to the second meeting on September 19th. Parents must make arrangements for your child's pick up at 5 pm. Please let us know if you have any questions or if you have any interest in serving as a club mentor or moderator (m.mueller@ascensionoakpark.com or School Phone # 708-386-7282 ext 285).

Thanks and Regards,

Matt Mueller
Faculty Moderator and Mentor
