

ARC Broward
LEARNING INSTITUTE

APPLIED BEHAVIOR ANALYSIS (ABA) JANUARY WORKSHOP

20-Hour Introductory Workshop

Two Consecutive Saturdays - January 21 and 28, 2017

TIME: 8 a.m. - 6 p.m.

**LOCATION: ARC Broward Conference Room
10250 NW 53rd Street Sunrise FL 33351**

PRICE: \$150 (with certificate), \$120 (without certificate)

Participants will learn:

- Why problem behaviors emerge and how to respond effectively
- Tools and strategies to prevent problem behaviors
- Teaching Techniques that promote the acquisition of adaptive skills with both individuals and groups
- Importance of evidence-based interventions and measurements
- Importance of reinforcement schedules and how to use reinforcements properly

Who will benefit from this course?

Individuals pursuing Behavior Assistant certification as it fulfills the State training requirements, as well as teachers, therapists, or parents and relatives seeking additional information and training on ABA.

About the Instructor:

Sandra Belanger is a Board Certified Assistant Behavior Analyst with 25 years of experience working with people with intellectual disabilities and autism. She is currently an associate with Carol Eger Geller and Associates, a private practice in Broward County serving children and adults with behavioral challenges. Ms. Belanger is pursuing her Master's degree and has begun to provide workshops and training programs to providers and families through ARC Broward's Learning Institute.

**Professional Crisis Management
Certification (PCM):**

PCM is a crisis management system that has emerged out of 15 years of practical experience in dealing with severely aggressive individuals in home, residential, hospital and school settings. The strategies utilized in PCM are based on scientifically verified principles and addresses a variety of behaviors. PCM was developed by Neal Fleisig, MS, CBA and is regulated by the Professional Crisis Management Association (PCMA).

Unlike other methods that teach intervention techniques only after individuals have become noncompliant, agitated or aggressive, PCM focuses primarily on prevention, before a crisis occurs. Although not every incidence of aggression can be predicted and prevented with 100% reliability, using proactive prevention methods can greatly reduce crisis. PCM System covers four (4) Crisis Strategies: Prevention, De-escalation, Intervention, Post-Crisis Intervention components, depending on the level of certification. **Differences per level of certification:**

Level of Certification	Non-Physical Strategies: Prevention and De-Escalation	Safety Physical Intervention Strategies	Transportation Physical Intervention Strategies and Post-Crisis	Vertical Immobilization Strategies and Post Crisis	Horizontal and Vertical Immobilization Strategies and Post-Crisis	Price Per Participant	Duration
Basic Practitioner	✓					\$50	6 Hours
Practitioner (*)	✓	✓	✓			\$100	14 Hours
Practitioner Level I	✓	✓	✓	✓		\$120	18 Hours
Practitioner Level II	✓	✓	✓	✓	✓	\$150	22 Hours

Annual Recertification training is required for all levels and offered by ARC Broward.
