

ATTENDANCE SYMPOSIUM

1st County Wide Attendance Symposium featuring Hedy Chang, Founder and CEO of Attendance Works.

This event offers break-out sessions for specialty groups such as parents, administrators, legislators, community based agencies, faith-based community and a distance learning session for selected BCPS students.

GOALS:

1.  Prioritizing Attendance by making reducing chronic absence a top priority in our district from the superintendent to the teachers, from the school staff to the families.
2.  Mobilizing the Community by making student attendance a broadly owned and widely shared civic priority that includes engaging families and tapping civic and elected leaders, local businesses, health providers, housing authorities, clergy members.
3.  Driving with Data by using data to determine how many and which students are chronically absent in each grade, school and population and intervening to ensure absences don't add up.
