

# 2023-2024 Teen photography **OPEN CALL!**

**Submissions open through January 26, 2024**

Getty Unshuttered invites teens (13–19) across California to submit original photographs to the 2023–2024 Open Call. We are excited to see what young photographers create in response to the theme, *A Spectrum of ...*

Life is a kaleidoscope of experiences, emotions, moments—and we want you to consider different spectrums of your daily life. Your unique and original photograph could represent love, life's journey, emotions, seasons, color, or light. You might capture California's varied landscapes, diverse communities and cultures, or the defining issues that make the state distinct. As always, the prompt is open to your creative and artistic interpretation, and the possibilities are endless.

A panel of arts professionals will select 25 photographs as the winning works.
