

BREAKFAST AND LEARN

The Intersection of Jewish Ritual and Ethics

Is there a connection between Jewish rituals (such as tallit, lulav and prayer) and moral conduct? We will explore arguments for and against their interrelationship and delve into a treasure trove of classical texts that support—in imaginative, creative ways—the notion of an ethical underpinning to the ritual mitzvot.

Hebrew texts and English translations and texts will be provided. Enjoy a bagel breakfast in the early morning company of an intelligent, curious and welcoming group of adult learners.
