

# IPPNY Spring Conference

March 2026

# Hello

## Who Am I?

- Born and raised in Staten Island
  - (yes, the forgotten borough, but NY through and through!)

- SUNY Albany Alumni
  - Go Danes!

- NYS Assembly Staffer
  - Is the budget done yet?

- Then I worked for this guy

## What does Environmental Progress Look Like?

"Continuous improvement is better than delayed perfection"

– Mark Twain, but probably not...

# Repowering Balances Environmental Protection with Economic & Reliability Needs

Advanced repowering of the Gowanus and Narrows generating stations with state-of-the-art clean technology will support grid reliability, renewable energy, and economic growth while dramatically reducing emissions.
