**MAY 2020 EDITION**

### **Share your #StoryofStrength for Giving Tuesday Now**

**Tomorrow, May 5, is Giving Tuesday Now**, a day created to celebrate global strength, unity, and generosity in response to COVID-19. **For us at BIAV, we have seen the strength of our community in ways we did not expect...** volunteers reaching out to deliver groceries around the state, professionals giving their time to share advice for navigating a new normal, and large spikes in online engagement. We always knew the brain injury community was resilient, but now we know just how impactful their resiliency is. That's why we're launching our **#StoryofStrength campaign** to continue building on this momentum and to show that we will come out of this pandemic stronger, together. ### **Professionals - Register today for Heading Forward: a Virtual Event**

Join renowned brain injury experts from across the country for **Heading Foward: A Brain Injury Rehabilitation Virtual Event**. From **May 18-21**, registrants will have access to **four advanced-level sessions** (1 live presentation each day) and be able to watch them on-demand once the event concludes. **If you are a professional who works with people with brain injuries, this event is for you!** To view the schedule, speaker bios, session descriptions, and registration instructions, click here: <https://www.biav.net/heading-forward-virtual-event/>

### **May is Member Appreciation Month**

Just because we're physically distant right now doesn't mean our community is any less connected. That's why during this year's Member Appreciation Month, we're celebrating all that our members do, starting with a spotlight on Malvina, a professional member who joined in 2020. Click here to read her blog: <https://www.biav.net/member-spotlight-malvina/>
