

THE MARYLAND HOUSE OF DELEGATES

ANNAPOLIS, MARYLAND 21401
MONTGOMERY COUNTY DELEGATION

May 6, 2022

The Honorable Lawrence J. Hogan, Jr
Governor of the State of Maryland
100 State Circle
Annapolis, MD 21401

Dear Governor Hogan:

We are deeply concerned to read in *The Washington Post* that you are considering not releasing the \$3.5 Million dollars fenced off in the budget for the Abortion Care Clinical Training Program. You have committed to treating reproductive rights as "settled law" in Maryland, and yet in the face of grave threats, you appear to be failing to protect these rights for Marylanders.

Our nation is facing the largest reproductive health crisis in our lifetime. From the recently revealed draft decision in the *Dobbs v. Jackson Women's Health Organization*, we know with near certainty that the Supreme Court will overturn the protection of abortion rights under *Roe v. Wade*. As a consequence, over 35 million women, which is almost half the women of reproductive age in the United States, will lose the right to make their own decisions about pregnancy. Twenty-six states are poised to implement abortion bans almost immediately following the *Dobbs* decision.

Maryland has a responsibility to ensure access to abortion care for individuals seeking this basic health care service in our state. If we do not rise to the challenge, many women will be forced to carry pregnancies to term or seek abortion care outside of the health care system. This situation is untenable and disproportionately impacts women from Black and brown communities, rural areas, and low-income families.

During the 2022 session, the Maryland General Assembly had the foresight to enact House Bill 937 – Abortion Care Access Act to increase access abortion care in Maryland. The bill establishes a comprehensive strategy to increase the number and diversity of abortion care providers and reduce financial barriers for Marylander seeking care.

One of the most critical components of the Abortion Care Access Act is the Abortion Care Clinical Training Program. The bill requires an annual appropriation starting in fiscal 2024. The Maryland General Assembly set aside \$3.5 million in the fiscal 2023 budget in case the Program needed to be started sooner. **Given the dire development in the Dobbs case, we respectfully request you make an immediate decision to release the \$3.5 in fiscal 2023 funds for the Abortion Care Clinical Training Program.**

Within several months if not weeks, we may be one of the few safe states within reach for women as far away as Ohio. This influx of patients will result in significant delays and barriers to care for Marylanders. We cannot desert any woman, whether from Maryland or other state, who needs abortion care services. Please release the funds for the Clinical Training Program immediately.

Sincerely,

Signed jointly by the following legislators:

Delegate Gabriel Acevero
Delegate Marlon Amprey
Chairman Vanessa Atterbearry
Delegate Heather Bagnall
Chairman Ben Barnes
Delegate Darryl Barnes
Delegate Sandy Bartlett
Chairman Kumar Barve
Senator Pam Beidle
Delegate Lisa Belcastro
Delegate Regina Boyce
Delegate Ben Brooks
