

ADMINISTRATIVE AND LEGAL REQUIREMENTS DOCUMENT (ALRD)

U.S. Department of Energy (DOE) Office of State and Community Energy Programs (SCEP)

Issue Date: July 9, 2026

Weatherization Assistance Program (WAP) Program Year (PY) 2026 Formula Grants WAP-ALRD-2026 Catalog of Federal Domestic Assistance (CFDA) Number: 81.042 Weatherization Assistance for Low-Income Persons

WAP Program Year Ending

June 30, 2026

Application Deadline

No Later than September 7, 2026

The complete application package is due no later than 11:59 p.m. local time of each Grantee's time zone on the due date above, in accordance with the July 1 PY. Packages received within 30 days will receive prioritization of review. Grantees must submit complete applications by the above deadline to ensure timely processing of awards.

REGISTRATION/SUBMISSION REQUIREMENTS

Registration Requirements: Allow at least 21 days to complete registrations.

There are several one-time actions to take, if not already completed, to receive an award under this ALRD:

1. Grantees must have an active account with System Award Management (SAM) at [SAM.gov](https://sam.gov). This includes having a Unique Entity Identifier (UEI). SAM.gov registration can take several weeks. To register, go to [SAM.gov](https://sam.gov) and click Get Started. From the same page, Grantees can also access the Entity Registration Checklist for the information needed to register.

Each applicant must:

- Be registered in SAM.gov before submitting an application;
- Provide a valid UEI in the application; and
- Continue to maintain an active registration in SAM.gov with current information at all times during an active Federal award or an application or plan under consideration by a Federal agency.

DOE may not make a Federal award to an applicant until the applicant has complied with all applicable UEI and SAM requirements.

For questions, call 866-606-8220 or 334-206-7828.

2. Register in FedConnect to receive and acknowledge award at <https://www.fedconnect.net/>. See the [Quick Start Guide](#) for more information.

Acknowledgement of award documents by the Grantee's authorized representative through FedConnect constitutes the Grantee's acceptance of the terms and conditions of the award and constitutes the Grantee's electronic signature.

For additional questions, email support@fedconnect.net or call 1-800-899-6665.

IMPORTANT: The electronically signed Assistance Agreement and attached award documents in FedConnect are the formal authorization and award approval from the Grants Officer (GO). **Grantees may not rely on Performance and Accountability for Grants in Energy (PAGE) as the formal authorization and approval.** Award documents in the initial award and any modifications to the award must be reviewed and acknowledged by the Grantee in FedConnect.

3. Obtain an account for **PAGE** at <https://www.page.energy.gov/default.aspx> to submit the WAP application. For questions regarding PAGE, refer to the Help Menu in PAGE or contact the PAGE hotline at PAGE-Hotline@ee.doe.gov.

PART I AUTHORITY

Title IV of the Energy Conservation and Production Act (ECPA), as amended, authorizes DOE to administer the Low-Income WAP.

All grant awards made under this Program shall comply with applicable laws and regulations, including but not limited to the regulations contained in [2 Code of Federal Regulations \(C.F.R.\) § 200](#) and [10 C.F.R. § 440](#) and other policies and procedures as DOE may, from time-to-time, prescribe for the administration of financial assistance.

PART II AWARD INFORMATION

A. TYPE OF AWARD INSTRUMENT

DOE will award grants for this funding.

B. ESTIMATED FUNDING

Availability of Funds: Funding for all awards and future budget periods is contingent upon the availability of funds appropriated by Congress for the purpose of this Program and the availability of future-year budget authority.

The Grantee shall administer DOE funds received under WAP in accordance with Federal statute, laws, regulations, and state policies and procedures. The Grantee is to manage Federal funds in a prudent, effective, and efficient manner to accomplish Program objectives. Grantees shall take the necessary steps to ensure that funds are expended within the grant project period.

Funding: Please see Weatherization Program Notice (WPN) 26-1, PY 2026 Weatherization Grant Application and WPN 26-2, PY 2026 Grantee Allocations.

C. PERIOD OF PERFORMANCE

This is the second year of a project period starting in Fiscal Year 2025, anticipated to be comprised of three annual budget periods, contingent on the availability of funds. All Grantees will operate on the July PY (July 1 – June 30).

PART III ELIGIBILITY INFORMATION

A. ELIGIBLE APPLICANTS

In accordance with [2 C.F.R. § 910.126 \(b\)](#) and DOE Program Rule [10 C.F.R. § 440](#), Weatherization Assistance Program for Low-Income Persons, eligibility for awards are restricted to all 50 states, the District of Columbia, United States (U.S.) Territories and Indian Tribes. Local applicants may apply for financial assistance if deemed to meet the requirements of [10 C.F.R. § 440.11](#) and [10 C.F.R. § 440.13](#).

B. COST MATCHING

Cost matching is not required.

PART IV APPLICATION AND SUBMISSION INFORMATION

A. CONTENT AND FORM OF APPLICATION

The State Plan Application must be submitted online via the PAGE system at <https://www.page.energy.gov>. Please see the WPN 26-1 Application Instructions for more information. The Grantee is responsible for verifying successful submission. DOE reserves the right to request additional or clarifying information for any reason. Applications will be reviewed for consistency with WAP objectives. Please note that any tables or spreadsheets are best submitted as Portable Document Format (PDF) attachments (but other formats are accepted) to the Standard Form (SF)-424 Application and shall not be pasted within the Annual File, Master File, or Budget Comments in PAGE.

PART V AWARD ADMINISTRATION INFORMATION

A. AWARD DOCUMENTS

B. FUNDING RESTRICTIONS

Cost Principles: Costs must be allowable, allocable, and reasonable in accordance with the applicable Federal cost principles referenced in [2 C.F.R. § 200](#). The cost principles for commercial organizations are in Federal Acquisition Regulation (FAR) Part 31.

C. REPORTING

Reporting requirements are identified in the Federal Assistance Reporting Checklist, DOE F 4600.2, attached to the award agreement.

D. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

1. Administrative Requirements

- The administrative requirements for DOE grant awards are contained in:
 - [2 C.F.R. § 200](#) and [10 C.F.R. § 440](#) (See: Electronic Code of Federal Regulations at www.ecfr.gov).
 - [2 C.F.R., Part 25](#) – Universal Identifier and Central Contractor Registration.
 - [2 C.F.R., Part 170](#) – Reporting Subaward and Executive Compensation Information to comply with the Federal Funding and Transparency Act of 2006 (FFATA). Additional information regarding FFATA is found at <https://sam.gov/fsrs>.

2. National Policy Requirements

The National Policy Assurances To Be Incorporated As Award Terms are located at <http://energy.gov/management/office-management/operational-management/financial-assistance/financial-assistance-forms>.

Intellectual Property Provisions: The standard DOE financial assistance intellectual property provisions applicable to the various types of recipients are located at <http://energy.gov/gc/standard-intellectual-property-ip-provisions-financial-assistance-awards>.

3. Environmental Review in Accordance with National Environmental Policy Act (NEPA)

WAP is subject to NEPA (42 USC 4321, *et seq.*). NEPA requires Federal agencies to integrate environmental values into their decision-making processes by considering the potential environmental impacts of their proposed actions. Recipients should review the NEPA determination specific to PY 2026 in their award documents for the list of activities with restrictions that have been categorically excluded from further NEPA review. The historic preservation programmatic agreement (PA), as applicable, should also be reviewed.

4. Build America, Buy America (BABA) Requirements for Infrastructure Projects

Federally assisted projects which involve infrastructure work, undertaken by applicable recipient types, require that:

- All iron, steel, and manufactured products used in the infrastructure work are produced in the U.S.
- All construction materials used in the infrastructure work are manufactured in the U.S.

Whether a given project must apply this requirement is project-specific and dependent on several factors, entity type, whether the work involves “infrastructure,” as that term is defined in section 70914 of the Infrastructure Investment and Jobs Act (IIJA), and whether the infrastructure in question is publicly owned or serves a public function.

For WAP projects, this requirement will typically apply to work performed on publicly owned housing. Weatherization work conducted on privately-owned residences is not required to comply with this requirement. If there are specific questions about whether this requirement will apply to a given project, please consult the Terms and Conditions and work with the WAP Project Officer (PO), who can work with cognizant Agency personnel to provide a determination.

A. Definitions

For purposes of BABA requirements, the following definitions apply:

Construction materials means articles, materials, or supplies that consist of the items listed in paragraph (1) of this definition, except as provided in paragraph (2) of this definition. To the extent one of the items listed in paragraph (1) contains as inputs other items listed in paragraph (1), it is nonetheless a construction material.

(1) The listed items are:

- (i) Non-ferrous metals;
- (ii) Plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
- (iii) Glass (including optic glass);
- (iv) Fiber optic cable (including drop cable);
- (v) Optical fiber;
- (vi) Lumber;
- (vii) Engineered wood; and
- (viii) Drywall.

(2) Minor additions of articles, materials, supplies, or binding agents to a construction material do not change the categorization of the construction material (*See* 2 C.F.R. § 183.3).

Infrastructure includes, at a minimum, the structures, facilities, and equipment for, in the U.S.: roads, highways, and bridges; public transportation; dams, ports, harbors, and other maritime facilities; intercity passenger and freight railroads; freight and intermodal facilities; airports; water systems, including drinking water and wastewater systems; electrical transmission facilities and systems; utilities; broadband infrastructure; and buildings and real property. Infrastructure includes facilities that generate, transport, and distribute energy.

In addition to the above, the infrastructure in question must be publicly owned or must serve a public function; privately owned infrastructure that is solely utilized for private use is not considered “infrastructure” for purposes of BABA applicability. The Agency, not the applicant, will have the final say as to whether a given project includes infrastructure, as defined herein. **Accordingly, in cases where the “public” nature of the infrastructure is unclear, DOE strongly recommends that applicants consider how the BABA requirements will apply to their proposed project costs and timelines, in order to consider potential budget or schedule changes as early as possible.** Project means the construction, alteration, maintenance, or repair of infrastructure in the U.S.

B. BABA Requirements for Infrastructure Projects

In accordance with section 70914 of the IIJA, none of the project funds (including Federal share and recipient cost share) may be used for a project for infrastructure unless:

(1) All iron and steel used in the project are produced in the U.S.—this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the U.S.

(2) All manufactured products¹ used in the project are produced in the U.S.—this means the manufactured product was manufactured in the U.S.; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the U.S. is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

(3) All construction materials² are manufactured in the U.S.—this means that all manufacturing processes for the construction material occurred in the U.S. BABA requirements only apply to articles, materials, and supplies that are consumed in, incorporated into, or affixed

¹ 2 C.F.R. § 184.3

² Excludes cement and cementitious materials, aggregates such as stone, sand, or gravel, or aggregate binding agents or additives.

to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor do BABA requirements apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

These requirements must flow down to all subawards, contracts, subcontracts, and purchase orders for work performed under the proposed project.

For additional information related to the application and implementation of these BABA requirements, please see Office of Management and Budget (OMB) Memorandum M-24-02, issued October 25, 2023: <https://www.whitehouse.gov/wp-content/uploads/2023/10/M-24-02-Buy-America-Implementation-Guidance-Update.pdf>

C. Waivers

In limited circumstances, DOE may waive the application of the BABA requirements where DOE determines that:

- (1) Applying the BABA requirements would be inconsistent with the public interest.
- (2) The types of iron, steel, manufactured products, or construction materials are not produced in the U.S. in sufficient and reasonably available quantities or of a satisfactory quality.
- (3) The inclusion of iron, steel, manufactured products, or construction materials produced in the U.S. will increase the cost of the overall project by more than 25%.

If an applicant is seeking a waiver of the BABA requirements, it must include a written waiver request with the Full Application. A waiver request must include:

- A detailed justification for the use of “non-domestic” iron, steel, manufactured products, or construction materials to include an explanation as to how the non-domestic item(s) is essential to the project.
- A certification that the applicant or recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with potential suppliers.
- Applicant/recipient name and UEI.
- Total estimated project cost, DOE, and cost share amounts.
- Project description and location (to the extent known).

- List and description of iron or steel item(s), manufactured goods, and construction material(s) the applicant or recipient seeks to waive from Domestic Content Procurement Preference requirement, including name, cost, country(ies) of origin (if known), and relevant Product and Service Code (PSC) and North American Industry Classification System (NAICS) code for each.
- Waiver justification including due diligence performed (e.g., market research, industry outreach) by the applicant or recipient.
- Anticipated impact if no waiver is issued.

DOE may require additional information before considering the waiver request.

Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office. There may be instances where an award qualifies, in whole or in part, for an existing waiver described at <https://www.energy.gov/management/doe-buy-america-requirement-waiver-requests>. The applicant does not have the right to appeal DOE's decision concerning a waiver request. For more information about BABA visit: <https://www.energy.gov/management/build-america-buy-america>.

PART VI QUESTIONS/AGENCY CONTACTS

A. QUESTIONS

Questions and comments concerning this document shall be submitted not later than ten calendar days prior to the application due date. Questions submitted after that date may not allow sufficient time to respond.

All questions regarding this announcement must be submitted to the contact identified below. Questions regarding the specific application submission must be submitted to the PO assigned to the award. For questions regarding PO assignments, please contact Derek Schroeder at the email address below.

B. AGENCY CONTACT

Derek Schroeder, Program Manager
DOE, WAP
E-Mail: derek.schroeder@doe.gov

PART VII OTHER INFORMATION

A. INTERGOVERNMENTAL REVIEW

Program Subject to Executive Order 12372

This program is subject to [Executive Order 12372](#) (Intergovernmental Review of Federal Programs) and the regulations at [10 C.F.R. § 1005](#).

One of the objectives of the Executive Order is to foster an intergovernmental partnership and strengthened federalism. The Executive Order relies on processes developed by state and local governments for coordination and review of proposed Federal financial assistance.

Applicants should contact the appropriate State Single Point of Contact (SPOC) to find out about, and to comply with, the state's process under [Executive Order 12372](#). The names and addresses of the SPOCs are listed on the website of the Office of Management and Budget at [Intergovernmental Review \(SPOC List\) \(whitehouse.gov\)](#).

B. GOVERNMENT RIGHT TO REJECT OR NEGOTIATE

DOE reserves the right, without qualification, to reject any or all applications received in response to this ALRD and to select any application, in whole or in part, as a basis for negotiation and/or award.

C. COMMITMENT OF PUBLIC FUNDS

The GO is the only individual who can make awards or commit the government to the expenditure of public funds. A commitment by anyone other than the GO, either explicit or implied, is invalid.

D. LOBBYING RESTRICTIONS

Grantees that receive an award must agree that none of the funds obligated shall be expended, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S. Code (U.S.C.) § 1913. This restriction is in addition to those prescribed elsewhere in statute and regulation.

E. MODIFICATIONS

Modifications to this ALRD will be processed and disseminated in the same manner as other WPNs and Memorandums.

F. PROPRIETARY APPLICATION INFORMATION

DOE will use data and other information contained in applications strictly for evaluation purposes. Applicants should not include confidential, proprietary, or privileged information in their applications unless such information is necessary to convey an understanding of the proposed project.

Applications containing confidential, proprietary, or privileged information must be marked as described below. Failure to comply with these marking requirements may result in the disclosure of the unmarked information under the Freedom of Information Act (FOIA) or otherwise. The U.S. Government is not liable for the disclosure or use of unmarked information and may use or disclose such information for any purpose.

The cover sheet of the application must be marked as follows and identify the specific pages containing confidential, proprietary, or privileged information:

Notice of Restriction on Disclosure and Use of Data:

Pages [list applicable pages] of this document may contain trade secrets or commercial or financial information that is privileged or confidential and is exempt from public disclosure. Such information shall be used or disclosed only for evaluation purposes or in accordance with a financial assistance or loan agreement between the submitter and the government. The government may use or disclose any information that is not appropriately marked or otherwise restricted, regardless of source. [End of Notice]

The header and footer of every page that contains trade secrets or commercial or financial information that is privileged must be marked as follows: “May contain trade secrets or commercial or financial information that is privileged or confidential and exempt from public disclosure”.

In addition, each line or paragraph containing trade secrets or commercial or financial information that is privileged or confidential must be enclosed in brackets.

The above markings enable DOE to follow the provisions of [10 C.F.R. § 1004.11\(d\)](#) in the event a FOIA request is received for information submitted with an application. Failure to comply with these marking requirements may result in the disclosure of the unmarked

information under a FOIA request or otherwise. The U.S. government is not liable for the disclosure or use of unmarked information and may use or disclose such information for any purpose.

Please be aware that all information provided to DOE (including confidential proprietary or confidential commercial information) is subject to public release under the FOIA (5 U.S.C. § 552(a)(3)(A) (2006), amended by [OPEN Government Act of 2007, Pub. L. No. 110175, 121 Stat. 2524](#)). When a FOIA request covers information submitted to DOE by an applicant, and the cognizant DOE FOIA Officer cannot make an independent determination regarding public release of this information, the cognizant DOE FOIA Officer will contact the submitter and ask for comment regarding the redaction of information under one or more of the nine FOIA exemptions. The cognizant DOE FOIA Officer will make the final decision regarding FOIA redactions. Submitters are given a minimum of seven days to provide redaction comments. If DOE disagrees with the submitter's comment, DOE will notify the submitter of the intended public release no less than seven days prior to the public disclosure of the information in question ([10 C.F.R. § 1004.11](#)).

G. PROTECTED PERSONALLY IDENTIFIABLE INFORMATION

In responding to this ALRD, applicants must ensure that Protected Personally Identifiable Information (PII) is not included. PII is defined by the OMB and DOE as:

Any information about an individual maintained by an agency, including but not limited to education, financial transactions, medical history, and criminal or employment history and information that can be used to distinguish or trace an individual's identity, such as their name, social security number, date and place of birth, mother's maiden name, biometric records, etc., including any other personal information that is linked or linkable to an individual.

This definition of PII can be further defined as: (1) Public PII and (2) Protected PII.

Public PII: PII found in public sources such as telephone books, public websites, business cards, university listings, etc. Public PII includes first and last name, address, work telephone number, email address, home telephone number, and general education credentials.

Listed below are examples of Protected PII that applicants must not include.

- Social Security Numbers in any form
- Place of birth associated with an individual
- Date of birth associated with an individual
- Mother's maiden name associated with an individual
- Biometric record associated with an individual

- Fingerprint
- Iris scan
- Deoxyribonucleic acid (DNA)
- Medical history information associated with an individual
- Medical conditions, including history of disease
- Metric information (e.g., weight, height, blood pressure)
- Criminal history associated with an individual
- Employment history and other employment information associated with an individual
- Ratings
- Disciplinary actions
- Performance elements and standards (or work expectations) are PII when they are so intertwined with performance appraisals that their disclosure would reveal an individual's performance appraisal
- Financial information associated with an individual
- Credit card numbers
- Bank account numbers
- Security clearance history or related information (not including actual clearances held).
