Affordable, accessible preventive and medical care to keep your team healthy and on the job.

With 365: Comprehensive, your busy employees can address common medical concerns without taking sick leave. Employers can decrease the need for hard-to-find substitutes.

365: Comprehensive includes:

- Text-first, 24/7, on-demand telehealth from CirrusMD. Unlimited access. No copays. Licensed, live physicians.
- A blood chemistry screening with 28 essential measures of health including heart health and diabetes risk. Keep track of your health status on an annual basis.
- Monthly emails with easy steps to take control of your health.

Benefits for Employees

- Enrolled in a high deductible health insurance plan? Avoid unnecessary medical costs
- Determine if in-person care is needed before going to the ER or urgent care
- Connect with a licensed physician in less than 60 seconds instead of waiting weeks for in-person appointments
- No need to miss work or find a quiet space for a phone call. Text with a doctor!
- Ability to elevate to phone and video calls when needed
- Integrated behavioral health care – referrals to psychiatrists without a copay
- Easy access to prescriptions, refills, and medication management
