

## Princeton Rehabilitation

### South Brunswick

Penn Medicine Princeton Medical Center (PMC) Princeton Rehabilitation is proud to offer outpatient physical therapy conveniently located within the South Brunswick Wellness Center to reduce your pain, and improve your function.

We create a physical therapy program tailored to your needs, to reduce discomfort or pain and help you get back to your everyday activities.

- **Expertise**  
Our highly trained physical therapists deliver quality, evidence-based care.
- **Commitment & success**  
We are dedicated to providing exceptional care, communicating with your physicians regularly, and achieving your treatment goals.
- **Convenience**  
We are easily accessible off Ridge Road in the South Brunswick Township Municipal Complex adjacent to the Senior Center in the Wellness Center. Most insurance plans are accepted.
