

## What additional things are we doing due to COVID-19?

- All Team Members will have their temperatures taken daily along with a wellness check.
- Additional personal protective equipment will be worn.
- We are implementing a social distancing protocol at the office. Please do not bring unnecessary companions to your appointment. They may be asked to wait outside or in their vehicle. Only 1 parent/guardian for a minor allowed.
- We will be separating patients and removing magazines; patients are required to wear a face covering when not in treatment.
- UV sanitizer for small personal belongings available for patient use. Eg.cell phones, keys, etc.
- You will be asked a COVID-19 screening questionnaire upon arrival.
- You will need to wash your hands and pre-rinse with a 1.5% hydrogen peroxide mouthwash in the restroom.
- Your temperature will be taken with a touchless thermometer.
- Multiple 4-level air purifiers with UV-C sanitization have been installed.
- High tech patient vacuum devices to decrease aerosolization have been installed in all operatories.
- We have increased frequency of cleaning and disinfection of common public areas and surfaces.
- If a patient is not able to comply with our requests, the appointment will be rescheduled.
