

Elderberry Syrup (*sambucus nigra*) is a great tasting, centuries-old herbal remedy, and a cornerstone of a holistic approach to health and wellness.

It has been shown to stimulate the body's immune system and support it in fighting (and shortening) colds, flu, viruses and allergies.

It is extremely high in Vitamin C and is used to treat a host of diseases around the world. One tsp-tbsp per day supports immune function and keeps infection at bay.
